Every Learner, Every Day, Career-Ready in Every Way!

Lebanon County Career and Technology Center

Mission Statement

The Mission of Lebanon County Career and Technology Center is to provide all students with quality career and technical education that prepares students for high skill, innovative, and in demand occupations to be career ready in a global economy.

Our Vision

The Vision of the Lebanon County Career and Technology Center is to lead the transformation and expansion of career and technical pathways, continuously improving and diversifying educational offerings, bridging the gap between evolving industries and skilled talent.

Every Learner, Every Day, Career-Ready in Every Way!

Carpentry / Residential Construction

Program Description:

Carpentry students work on construction projects within the school and community. They learn skills including: transit and blueprint reading, selection of building materials and estimating, framing (floors, stairs, walls, and roofs), selection and installation of windows and doors, roofing, interior and exterior finishing, concrete finishing, and foundations. Career opportunities range from a siding installer to a finish carpenter and may begin in high school with a Co-Op position providing job experience and a salary. The 500 employers in the Lebanon County Builders Association sponsor this program, provide student scholarships, and employ graduates. Students who successfully complete the program may receive college credits from HACC, Penn College of Technology, and Thaddeus Stevens College of Technology.

Two Year Half-Day Program

Year One: 8:00am – 10:25am (36 weeks – 3 credits)

Year Two: 11:25am – 2:00pm (36 weeks – 3 credits)

Program Costs:

Students are required to purchase the following at an estimated cost of \$100.

- Uniforms
- Boots or safety shoes
- Optional: DeWalt tool belt with 6 hand tools (\$180)

About Your Instructor

Instructor Name: Mr. Mitch Hinton
Hire Year: 2025
Email Address: mhinton@lcctc.edu

Biography

My name is Mr. Hinton, and I am a third-generational carpenter born and raised in Lancaster County. I am a 2001 graduate of the carpentry program of the Brownstown Lancaster CTC. I have worked as a carpenter for the last 20+ years, mastering many aspects of the trades, living in various countries around the world with my family, as well as owning my own contracting business for 7 years. I have taught building trades most recently in Costa Rica from 2015 – 2020. After moving back to the United States in February of 2020, I accepted a position as an Instructor with the Lancaster County CTC and have moved on to fill the Lebanon position. I am fluent in Spanish and English so feel free to write or call in either. I look forward to working with your child and providing them with a quality, rewarding, and challenging trade.

Education

- Penn State University – CTE I Certification (CIP 46.02.01)
Penn State University – CTE II Certification (CIP 46.02.01) Spring of 2027

Certifications and Awards

- All Terrain Forklift Certified
- Pettibone Certified
- JLG Manlift Certified
- OSHA-10 Construction Certified

Work Experience

- 5 Years working in Commercial Construction
- 7 Years operating my own business in Residential Construction
- 8 Years living overseas teaching experience

Grading Scale

The LCCTC grading system incorporates three components: competencies (skill— 33.3%), career skills (work ethic— 33.3%), and theory (knowledge—33.3%). Each academic class implements a performance evaluation/student grading system that incorporates career skills (work ethic), and theory (knowledge). Each component is weighted equally.

Please refer to the Student Handbook, available on the school website at <http://www.lcctc.edu> for a complete list of grading components.

Progress Reports

Students will receive a “Progress Report” each mid-quarter through the mail for any student with a 70% or less, and a “Report Card” will be given to each student at the end of each quarter. It is the student's responsibility to share this information with their parents/guardians. Both reports will utilize student performance data obtained from competencies, career skills, and theory grades.

Please Note: 40% is the minimum grade for the first 3 marking periods. However, students with excessive absences may be assigned an earned grade with administrative approval. There is no minimum grade for the 4th marking period.
