Insurance Protection for Students

The Technical Center **does not** carry insurance to cover medical expenses for injuries to students while attending school, on a field trip, or during a cooperative work experience.

Parents and Guardians are strongly urged to have appropriate insurance for costs of injuries during school. School insurance is available through the home school. Private insurance is available from an insurance agent.

The Technical Center will not be responsible for medical expenses in excess of coverage provided by your school or other insurance.

Please note: All injuries on school property, on a field trip, or in a cooperative job experience must be reported to the instructor and school nurse at once. This is absolutely necessary for your insurance coverage to be effective.
